Near Beer of every kind will likely be done away with in the prohibition of stronger drinks. Wayne B. Wheeler, general counsel of the Anti-Saloon League of America appeared last week before the U. S. Senate Judiciary Committee and asked for a law prohibiting the manufacture and sale of near beer and all malt and distilled liquors, irrespective of whether they contain any trace of alcohol.

Wheeler also wants the quantity of alcohol in medicinal liquors and compounds limited to one-half of one percent. Heroin, a drug decidedly worse than straight brandy or whiskey and which has attracted the attention of the dregs because of its increased consumption, will come in for its share of legislation and espionage. Tobacco fighters are also organizing and the weed is doomed if the same congressman appear in Washington for the next congress, provided the popular vote as a result of prohibition and suffrage is what is looked for by present incumbents.

The Doctor Away From Home When Most Needed

People are often very much disappointed to find that their family physician is away from home when they most need his services. Disease like pain in the stomach and bowels, colic and diarrhoea require prompt treatment, and have in many instances proven fatal before medicine could be procured or a physician summoned. The right way is to keep at hand a bottle of Chamberlain's Colic and Diarrhoea Remedy. No physician can prescribe a better medicine for these diseases. By

Winter Rain

The rain pours down by day and night; it's wet and mostly water; it makes the world a sodden sight, it makes my reason totter. It looks as though would never cease, or take a small vacation; but it is good for ducks and geese and that's a consolation. I'm glad it's not a total loss, this rain so moist and galling; I'm glad that it can come across with some excuse for falling. It makes the town a dismal place, where men all cuss together; and there's a scowl on every face; we sigh for brighter weather. The merchant faces in their stores are far from being sunny; no patrons seek their well known doors to blow in useful money. No farmers' wagons stand around, the town street is deserted; we raise a sad and wailing sound, and many tears are squirted. The weather bureau's slipped some cogs, against the people's wishes; yet rain is good for snakes and frogs and divers kind of fishes. We always should remember this, that nothing's vain or useless; and we'd be just as shy of bliss if days were dry and juiceless. So let us dig up gaudy smiles, eschew the blues and willies; the rains good for crocodiles, for rice and water lilies. --Walt Mason.

By Twelve Bottles of PERUNA

Greatest Human Vitalizer

"During the winters of 1897 and 1898, I was so badly afflicted with catarrh of the head and throat, I must surely die from it. After trying many doctors and all other recommended remedies made known to me, I was induced to use Peruna. I was cured entirely by using twelve bottles of Peruna and one bottle of Manna."

Chronic Constipation

Perhaps you have never thought of it but this disorder is due to a lack of moisture in the residual matter of the food. If you will drink an abundance of water, eat raw fruits and take lots of out door exercise, you may be able eventually to overcome it entirely. In the meantime use a mild and gentle laxative. Strong and harsh cathartics take too much water out of the system and make a bad matter worse. Chamberlain's Tablets are easy and pleasant to take, and most agreeable in effect. Give them a trial.

A horse got scared at an automobile here last week. Our devil was not surprised and explained to the foreman that if she saw a pair of pants scooting down the street without a man in them, she would be scared too.

Lame Back Relieved

For a lame back apply Chamberlain's Linniment twice a day and massage the muscles of the back over the seat of pain thoroughly at each application.

The 500-Mile Motor Race

The stimulus of the 500 miles International Motor race at Indianapolis will undoubtedly revive interest in motor racing throughout the country and help bring this sport to the high point of success it enjoyed four or five years ago.

Many foreign manufactures and foreign drivers crossed the Atlantic for this big event. Other speedway races of importance are scheduled for later in the season.

There were 33 of the World's best racing cars in the great event at Indianapolis. The French Peugeot car won, making an average of over 87 miles per hour, with H. Wilcox at the wheel. He won \$20,000 first prize money, and also received a gift of \$500 cash from the American Bosch Magnete Corporation.
